

THOMAS T. EASTER, M.D.

DARRYL J. RODRIGUES, M.D.

LISA K. CHONG, M.D.

I would like to thank MedRevenu for the outstanding service of helping our practice with our billing needs and insurance collections. They have surpassed my expectations!

As a practice administrator in the medical field for over 21 years, I can say my experience with outside medical billing vendors has been difficult. Usually once you sign the contract, you become just a number – but not so with MedRevenu. With them, I receive personalized care and quick response to my requests. Their detailed monthly reporting allows me to forecast cash flow and operations quicker and with greater accuracy.

Out of all the billing companies I have worked with throughout my career, MedRevenu is simply the best. I would not hesitate to recommend them to anyone.

If you have further questions feel free to call at (909) 931-1033.
